Dear Mr. Fieo:

On April 30, 2010, the Department notified you that your application was administratively incomplete. The Oaks interceptor upgrades that are proposed in your application are inconsistent with Act 537 Planning Approval. Specifically, the proposed location of the interceptor between Manholes 38 and 53 is inconsistent with the location approved under the February 26, 2004, Act 537 Plan. If the stated deficiencies are not resolved within 30 days of this letter, your application will be returned.

If you have any questions, please call me at 484.250.5169.

Sincerely,

James Roth
