Public Forum to Focus on Valley Forge Corporate Center Redevelopment Plan

LOWER PROVIDENCE TOWNSHIP (May 10, 2007) – Lower Providence Township wants to hear from residents and business owners on how to re-invigorate the Valley Forge Corporate Center. A public meeting will be held Monday, May 21 at 7 p.m. at the Township Administration Building, 100 Parklane Drive, Eagleville. The meeting is the first of several to be held as part of the process to prepare a Redevelopment Master Plan for the under-utilized business center.

The Township selected a multi-disciplinary team, led by Simone Collins, Landscape Architecture of Berwyn, Urban Partners, market consultants, and McMahan Associates, Inc. transportation engineers and planners, to develop the master plan. Resident and business/property owner opinions about the opportunities, challenges and solutions for revitalizing the corporate center will be solicited at the session.

The scope and goals of the planning project, an overview of the current corporate center conditions, and proposed area roadway improvements will be presented. During an open forum, residents and business owners will have the opportunity to pose questions and offer suggestions about the center and the project. Team members also will be available to meet one-on-one with anyone who wishes.

The redevelopment planning project is scheduled to take approximately nine months to complete. Please refer to the Township website, www.lowerprovidence.org, in the coming weeks and months for updates. Comments may be submitted at any time to: VFCCmasterplan@lowerprovidence.org.
