Township Hosts Compressed Natural Gas Seminar

LOWER PROVIDENCE TOWNSHIP (*November 26, 2012*) – Lower Providence Township will bring together industry experts to discuss the benefits of compressed natural gas (CNG) at a seminar Wednesday, Nov. 28 at Chadwick's at the Club at Shannondell, Audubon.

The seminar will discuss the cost-savings opportunities and environmental benefits associated with CNG and how to make the switch to CNG utilizing grant money. Participants include Greater Philadelphia Clean Cities, PECO, CNG vehicle conversion industry representatives, and CNG fuel suppliers.

"We are glad to present the CNG seminar in the Township. Lower Providence is taking a leading role in the implementation of this cleaner, cheaper fuel option," said Bill Roth, Lower Providence Township Special Projects and Technology director. "We are looking to position ourselves with CNG not only for our Township vehicle fleet, but are also striving to have one of the first public CNG fueling stations built in Lower Providence."

The seminar will begin at 9:15 a.m. The Club at Shannondell is located at 2750 Egypt Road, Audubon, PA 19403. To register, contact Bill Roth, broth@lowerprovidence.org
