REQUIRED FOR INCLUSION WITH SUBMISSION OF PLUMBING PERMIT APPLICATION:

- Completed application
- Two (2) sets of drawings/sketches
 - ❖ As a general “rule,” drawings for a Residential setting do NOT need to be provided/approved by a design professional or engineer. There are, however, situations where the Building Code Official may require this.
 - ❖ For ALL Commercial/Non-Residential settings, drawings are required to be provided/approved by a design professional or engineer.
- Applications for all **M-E-Ps** (that is, **M**echanical, **E**lectrical, **P**lumbing work) associated with this project ... except as exempted by Building Code Official.

**See “Required Permits & Submission Requirements 2016”
for detailed requirements for specific situations.**

ACKNOWLEDGEMENT:

By signing this application the applicant certifies that all information given is correct and the property owner has authorized the work. All work is to comply with 2009 ICC Codes. All work must be started within six (6) months and completed within one (1) year of issuance of permit. The application together with the electrical plan is made part of this application. By signing below, it is understood that any error, misstatement or misrepresentation contained in this application or work without the approval of Lower Providence Township shall constitute grounds for revocation of this permit, prosecution or both.
