Property Owners, Businesses, and Residents:

RE: SR 4004, Sec. MTF – Park Avenue (SR 4004), Eagleville Road (SR 4006), and Crawford Road (Township) Intersection Re-Alignment Project
Lower Providence, Montgomery County, PA

As you are aware, Lower Providence Township has been advancing the intersection improvement at the Park Ave, Eagleville Road and Crawford Road intersection over the last several years. The project generally consists of widening and re-profiling of Park Ave (SR 4004), re-alignment of Crawford Road, improvements to the Eagleville Road approach, installation of a traffic signal and several other associated infrastructure improvements. The proposed work is within PennDOT and Lower Providence Township right-of-way, and previously obtained Permanent and Temporary Construction Easements.

The contract was awarded to Allan Myers, LP at the April 20, 2023 Board of Supervisors meeting. The Notice to Proceed has been issued to the Contractor, and they will begin preparing in June and July for physical construction which is expected to start in the mid-August time frame. The project construction will extend through 2025 based on the current construction schedule.

Please understand that Lower Providence Township, PennDOT, Contractor, and the project team, in accordance with PennDOT and Township requirements, will make every effort to keep the community and traveling public apprised of the project conditions, ***including scheduled detours***, while the proposed improvements are constructed. However, we do ask for your patience and understanding when traveling in and around the project area. ***Project status updates will be provided on the Lower Providence Township website throughout construction at the following link: www.lowerprovidence.org under the "Current Projects" tab.***

If you should have any questions, or would like to discuss this further, please feel free to contact E.J. Mentry at 610-539-8020.

Respectfully,

E.J. Mentry
