## Brainstorming Session Notes: Public Meeting #1

### GOALS

### FACTS

### CONCEPTS

### PARTNERS

- Provide for all ages
- Preserve resources
- Improve safety for pedestrians and bicycle riders
- Use open space plan to stop overdevelopment
- Provide kids safer access to school by walking and biking
- Improved water access

# Public Meeting 1 – October 26, 2020

## Brainstorming Session Notes: Public Meeting #1

### GOALS

- Many municipal parks
- Existing trails
- Existing Playgrounds
- Diverse range of user ages
- Many communities in region encourage kids to walk/bike to school
- When communities have safe trails and connections, kids can be encouraged to walk
- Funding available for trails, parks, greenways

### FACTS

### CONCEPTS

### PARTNERS

- Methacton SD hesitant to have kids walk / bike due to unsafe connections
- Studies show trail and sidewalks increase property values
- Dog park in Oaks – well used
- Camp Hideaway is private
- SD buses large number of students
- YMCAs short drive from Township
- Audubon School has several acres that can be green space

# Public Meeting 1 – October 26, 2020

## Brainstorming Session Notes: Public Meeting #1

### GOALS

- Safe pedestrian connections to ARA fields
- Make connections to Valley Forge
- Consider 'no access' greenways
- Unusable open space for solar / wind
- Bike / ped connections between regional trails and neighborhoods
- Ped/bike bridges across Perkiomen Creek
- Community Center / YMCA
- Redevelop 'grey areas' to create cultural centers / 3<sup>rd</sup> places

### FACTS

### CONCEPTS

### PARTNERS

- Connect to County trail system
- Connect to Circuit Trails
- Rebuild Yerkes bridge across Perkiomen as footbridge
- More connections to state park
- Look at Ridge Pike for redevelopment, open space, and trail options
- Look at St. Gabriel's for multi-purpose fields for various sports teams

# NRPA Benchmarking

## General definitions by National Recreation and Park Association (NRPA) Park, Recreation, Open Space and Greenway Guidelines:

### Community Parks –

- Serve to meet the needs of several neighborhoods or large area of the community
- Allow for group activity
- Developed for both active and passive recreation
- Service area should be .5 to 3 mile radius
- Size is best determined by demographics, population, resource availability and recreation demands. Optimal size is 30-50 acres (Both Eagleville and Evansburg Point Parks are over 30 acres in size, at 64.92 and 35.6 acres respectively)
- Should preserve unique landscapes within the community and/or provide recreation opportunities not available within the area served

### Connector Trails –

- Multi purpose trails that emphasize safe travel for pedestrians and bicyclist to and from parks and throughout the community

# NRPA Benchmarking

NRPA understands that there is no single set of standards for parks and recreation to address the uniqueness of a community.

- 2020 NRPA Performance Review – Park Facilities  
*(typical for communities with populations between 20,000 - 49,999)*
  - One park for every 1,963 residents.  
LPT would need an additional 0.6 parks to meet this metric.
  - 9.6 acres of parkland per 1,000 residents. (Township parks only)  
LPT would need to add an additional 53.5 acres to meet this metric.
  - One playground for every 3,157 residents.  
LPT exceeds this metric by 2.6 playgrounds.
  - One performance amphitheater for every 30,577 residents.  
LPT exceeds this metric with one amphitheater for a population of 26,679.
  - One recreation center for every 25,716 residents, and one community center for every 26,280 residents.  
LPT would need one recreation or community center to meet this metric.
  - One senior center for every 32,639 residents.  
LPT would need one senior center to meet this metric.

# Bike Montco - 2018

## Bike Montco

### The Bicycle Plan for Montgomery County

Montgomery County Planning Commission

#### Step 3: Calculate the Level of Traffic Stress

##### How Stressful Are Montgomery County's Roads?

DVRPC's analysis shows that a majority of Montgomery County's roads are fairly comfortable for bicyclists (either LTS 1 or LTS 2). These roadways are already safe enough for most riders with no additional improvements. However, they are mostly residential streets that do not connect to destinations outside of their immediate neighborhood. The larger and busier major roads, which connect different communities and are used for long-distance travel, tend to have higher LTS levels (3 and 4) that make them unattractive to all but the most confident bicyclists. These higher-stress roadways act as significant barriers to bicycle connectivity.

Level of Stress	Length (Miles)	LTS %
LTS1	2,711.15	60%
LTS2	399.86	9%
LTS3	470.75	11%
LTS4	718.39	16%
	4,299.95	100%

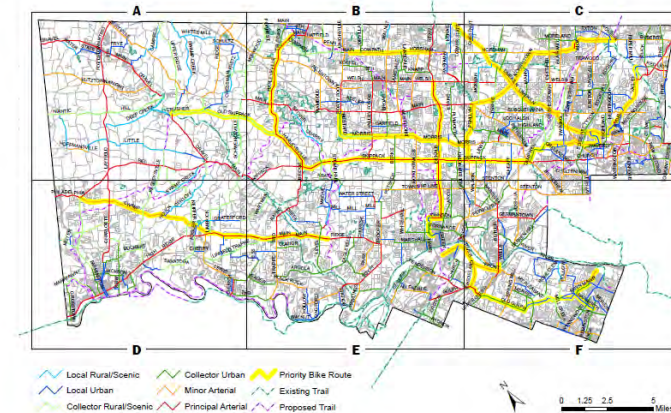

#### Percentage of roads in Montgomery County by level of traffic stress

Roads, such as Ridge Pike in Lower Providence Township, have a high level of stress (LTS 4) because of high speeds, heavy traffic, and a lack of on- or off-road parallel bicycle lanes.

# Bike Montco - 2018

The one thing *Bike Montco* cannot do is actually implement itself. That effort belongs to the Montgomery County government, its citizens, its institutions, and its outside allies. Only by working together as partners can *Bike Montco*'s vision become reality to further the goals of the county comprehensive plan and make Montgomery County an even better place to live, work, and visit.

## Conceptual Trail Connections

- Connectivity Network – Work in progress, low stress route to be examined
- Input needed from Committee:
  - More possible trail alignments?
  - On road alignments, low stress preferable

# Maintenance & Programming

- **Parks and Recreation Administration**
  - Department organization – full time (3 fulltime recreational Staff; 3 full time park maintenance report to PW Dept.)
  - Seasonal staff – part time (Scores of seasonal staff to provide program offerings)
  - Township communication (website, social media)
- **Recreation Programs offerings**
  - Current programs offered (80+ in 2018; 70+ offered in 2019; 50+ in 2020 due to COVID)
  - Expansion areas (late fall and winter opportunities)
  - Partnerships (expand / create M.O.U. with school district and others for winter season uses)

# Maintenance & Programming

- **Facilities**

- Current system for task assignment and completion is a partnership between departments
- Township, school, county, federal, and others

- **Finance**

- Overview of current recreation program 2020 budgeted expenditures \$556,957 for recreation programming
- Focus on summer camps and special events
- 2019 fees review of revenues generated from programs and contributions \$396,775
- Opportunities for additional revenue streams

# Next Steps

Lower Providence Township is working on a Parks, Recreation & Open Space Plan and would like to know where you want to see open space and recreation improvements.

## 3 WAYS TO GET INVOLVED:

- ### Attend a Meeting

Let your voice be heard. At public meetings we'll discuss the Lower Providence Township Parks, Recreation & Open Space Plan, review progress, and get your feedback. Meetings will be held virtually unless otherwise noted.

  - Public Meeting #1 will take place Monday September 28, 2020 at 7:00pm  
Join at: <https://tinyurl.com/lowerprovidence1>
  - Public Meeting #2 will take place Tuesday January 26, 2021 at 7:00pm  
Join at: <https://tinyurl.com/lowerprovidence2>

Join at: <https://tinyurl.com/lowerprovidence3>
  - Public Meeting #4 will take place Thursday June 24, 2021 at 7:00pm  
Join at: <https://tinyurl.com/lowerprovidence4>

After joining on the Teams app or website and signing in, you will enter the meeting. For information on accessing the meeting, go to <https://tinyurl.com/lowerprovidenceparks>
- ### Take the Survey

Obtaining feedback from the community is vital to the planning process. We want to know your opinions on how to improve open space & recreation in Lower Providence. The survey can be completed at the web address below. Hard copies of the survey may be picked up and returned completed to the Lower Providence Administration Building, 100 Parklane Dr, Eagleville, PA 19403
